

The Institution of Engineers (India)
99 years of Relentless journey towards Engineering Advancement for Nation Building

**FIRST
INFORMATION
BROCHURE**

**International Conference on
Environmental Degradation :
Key Challenge to Sustainable
Development**

On the Occasion of Centenary Celebrations of IEI (1920-2020)

22-24 November, 2019

**Organized by
The Institution of Engineers (India)
Telangana State Centre**

**Venue:
The Institution of Engineers (India)
Telangana State Centre
Visvesvaraya Bhavan, Khairatabad
Hyderabad – 500 004, Telangana, India**

Preamble

The Institution of Engineers (India) will be completing 100 years of its existence by 2020 which is marked by its glorious contribution to national development. At this momentous occasion IEI has decided to organize five years of Centenary Celebrations commencing from 2015 onwards and culminating in 2020 with grand finale in 2020 with the participation of various engineering disciplines during these five years.

The Telangana State Centre of the Institution of Engineers (India) has proposed to organize International Conference on "Environmental Degradation: Key Challenge to Sustainable Development" under the aegis of Environmental Engg. Division, IEI from 22nd to 24th November, 2019 as a part of Centenary Celebrations of IEI.

Our planet is plagued by environmental degradation that deplete natural resources and strain livelihoods, many of which are exacerbated by poor industrial practices. If left unchecked, environmental problems negatively impact businesses both directly, as in supply chain disruptions, and indirectly, as in health hazards that lead to loss of man-hours and efficiency. Following are some common environmental degradation that businesses need to address to ensure sustainability and long-term financial viability.

The current status and emerging technologies in the Environmental degradation will be accordingly discussed

during this International Conference. Senior Experts in Environmental Field from India and abroad, professionals from research organizations, leading academic scientists, researchers and research scholars are being invited to share their expertise and experience and discuss the prospects and challenges through invited technical talks and contribution of Papers. There will be a good exposure to the latest developments in Influx of Environmental Problems. Participants and invitee delegates will have the opportunity to be actively involved in the deliberations and exchange of view and proposing recommendations for future pursuits.

Sustainability is the capacity to endure ecology the world describes how biological systems remain diverse and productive over time. For humans it is the potential for long-term maintenance of well-being, which in turn depends on the maintenance of the natural world and natural resources.

Introduction

INTRODUCTION

The Institution of Engineers (India) will be celebrating its centenary year in the 2020. As a part of the Centenary Celebrations, the Institution of Engineers (India), Telangana State Centre is organizing International Conference on **“ENVIRONMENTAL DEGRADATION : KEY CHALLENGE TO SUSTAINABLE DEVELOPMENT”** from 22nd to 24th November, 2019 at Visvesvaraya Bhavan, Khairatabad, Hyderabad – 500 004.

OBJECTIVE

The objective of this International Conference is to bring all the leading academic scientists, researchers and research scholars, Professionals, Engineers and Consultants world-wide working in the field of Environmental to one platform to interact and participate in the deliberations. The Environmental Degradation : Key Challenge to Sustainable Development will be consolidated and conclusions will be arrived at. The essence and conclusions of the deliberations will be communicated to the concerned authorities for implementation.

The Conference aims at providing a professional platform for informed deliberations and objectives to exchange their knowledge on various aspects of current environment programme, in global and Indian context. The focus will be on the important role of Environmental Division which is a premier interdisciplinary platform for researchers, practitioners and educators to present and discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted to address the Environmental Degradation : Key Challenge to Sustainable Development.

Our planet is poised at the brink of a severe environmental crisis. Current Environmental Degradation make us vulnerable to disasters and tragedies. We are in a state of planetary emergency due to climate change effect causing, environmental Degradation. Unless we address the various issues prudently and seriously we are surely doomed for disaster. For each and every person to share a vision that involves experiencing a good health and happy life with the fair utilization of earth's resources while allowing space for the wilderness as well as wild life, people have to adopt the principles of sustainable living. In other words, it must involve ways of living that advance good health and wellbeing while limiting destruction of the natural environment and wild life.

Sustainable development is based on four main pillars namely minimizing waste, limiting the use of earth's natural resources wise use of environment, and ensuring quality working/ living environment.

SUB-THEMES

- Innovation of new technologies in water and waste water
- Micro Pollutants
- Drinking Water Purification
- Rainwater Harvesting and Storm Water Management
- Valuable Resource Recovery from Wastewater
- Water Safety and Security Plan.
- Environment Impact Assessment for Urban Infrastructure
- Solid Waste Management
- Air Quality Assessment, Pollution & Monitoring.
- Climate change effects for sustainable living
- Reuse of Treated Waste Water
- Industrial Waste Treatment

About the Institutions

CALL FOR PAPERS

We invite scholarly, practical and original contributions of Papers for presentation and discussion during the International Conference on the theme and sub-themes. The schedule for submission of technical papers is given below:

Papers shall be very precise and PPT shall be limited to 20 minutes duration.

Deadline for submission of Abstract
31st August, 2019

Notification of Acceptance of Abstract
10th September, 2019

Deadline for submission of full text of paper
30th September, 2019

The Institution of Engineers (India)

The Institution of Engineers (India) or IEI is the largest multidisciplinary professional body that encompasses 15 engineering disciplines and gives engineers a global platform from which to share professional interests. IEI has a Corporate Membership base of more than 2,00,000 members. Established in 1920, with its headquarters at 8 Gokhale Road, Kolkata - 700020, IEI has served the engineering fraternity for over nine decades. During this time, it has been inextricably linked with the history of modern-day engineering.

In 1935, IEI was incorporated by Royal Charter and remains the only professional body in India to be accorded this honour. Today, its quest for professional excellence has given it a place of pride in almost every prestigious and relevant organization across the globe. IEI functions among professional engineers, academicians and researchers. It provides a vast array of technical, professional and supporting services to

the Government, Industries, Academia and the Engineering fraternity, operating from 123 Centres located across the country. The Institution provides grant-in-aid to its members to conduct research and development on engineering subjects.

IEI conducts Section A & B Examinations in different Engineering disciplines, the successful completion of which is recognized as equivalent to Degree in appropriate field of Engineering of recognized Universities of India by the Ministry of Human Resources Development, Govt. of India. Every year as many as 90000 candidates appear for these exams. For details, please log on www.ieindia.org

The Institution of Engineers (India), Telangana State Centre

The Telangana State Centre has been formed after bifurcation of erstwhile Andhra Pradesh.

The Telangana State Centre of the Institution of Engineers (India) has on its rolls more than 7584 Corporate Members covering fifteen disciplines of Engineering besides non-corporate Members to the order of 19791. The Telangana State Centre has been one of the most active Centres of the Institution of Engineers (India) which is engaged in successfully translating the objectives and ideals of IEI into practice. The present Telangana State Centre is legacy of erstwhile Hyderabad State Centre of Nizam's Hyderabad State.

American Water Works Association, USA

The American Water Works Association is an international, nonprofit, scientific and educational society dedicated to providing total water solutions assuring the effective management of water. Founded in 1881, the Association is the largest organization of water supply professionals in the world.

Our membership includes over 4,000 utilities that supply roughly 80 percent of the nation's drinking water and treat almost half of the nation's wastewater. Our more than 50,000 memberships represent the full spectrum of the water community: public water and wastewater systems, environmental advocates, scientists, academicians, and others who hold a genuine interest in water, our most important resource.

About the Institutions

AWWA also takes great pride in helping establish two prominent organizations dedicated to safe water, the **Water Research Foundation** in 1966 and **Water For People** in 1991.

AWWA unites the diverse water community to advance public health, safety, the economy, and the environment.

Hyderabad Metropolitan Water Supply and Sewerage Board, Hyderabad

The Board was constituted on 1.11.1989 under the provisions of Hyderabad Metropolitan Water Supply and Sewerage Act 1989 (Act No . 15 of 1989), with the following Functions & Responsibilities in the Hyderabad Metropolitan Area.

The Supply of potable water including planning, design, construction, maintenance, operation & management of water supply system is the primary activity of the Board.

Also Sewerage, Sewerage Disposal and sewerage treatment works including planning, design, construction, maintenance, operation & management of all sewerage and sewerage treatment works are the other important activities of the Board.

Public Health and Municipal Engineering Department, Telangana

The Public Health & Municipal Engineering Department is under administrative control of Municipal Administration and Urban Development Department at the Secretariat level. The Department is in charge of Investigation, Designs, and Execution of Water Supply and Sewerage Schemes in all the Municipalities in the state and Municipal Corporations besides the Technical Control over all the Engineering works in these Municipal Towns and Corporations. After completion, the Water Supply and Sewerage Schemes are being handed over to the concerned Municipal Corporations and Municipalities for operation and maintenance.

Greater Hyderabad Municipal Corporation, Hyderabad

The **Greater Hyderabad Municipal Corporation** (GHMC) is the civic body that oversees Hyderabad, the capital and largest city in the Indian state of Telangana. It is the local Government for the cities of Hyderabad and Secunderabad. Its geographical area covers most of the Urban Development Agency the Hyderabad Metropolitan Development Authority (HMDA). 24 Assembly constituencies comes under GHMC.^[2] 64 ex-officio members including 5 Lok Sabha MPs whose constituencies are in GHMC jurisdiction vote in GHMC election.

The Greater Hyderabad Municipal Corporation (GHMC) comprises the erstwhile Hyderabad Municipal Corporation, plus 10 municipalities & 8 Panchayats in erstwhile Ranga Reddy district, 2 municipalities in erstwhile Medak district.

Telangana State Pollution Control Board, Hyderabad

The Telangana State Pollution Control Board (TSPCB) is a statutory authority entrusted to implement environmental laws and rules within the jurisdiction of the State of Telangana, India. The Board ensures proper implementation of the statutes, judicial and legislative pronouncements related to environmental protection within the State. As per A.P. Re-organization Act, 2014, APPCB was bifurcated and TSPCB was constituted under Sec.4 of Water (Prevention & Control of Pollution) Act, 1974 and Section 5 of Air (Prevention & Control of Pollution) Act, 1981, on 07-07-2014.

About the Institutions

The Telangana State Pollution Control Board has focused predominantly on improvement of the quality of water, air and effluent & solid waste management in Industries and Hospitals. The Board has initiated several measures for effective control of Environmental pollution in the State.

Environmental Protection Training and Research Institute, Hyderabad

Environmental Protection Training and Research Institute (EPTRI) a premier agency in India, provides training, consultancy, applied research services and extends advocacy in the area of environment protection to industries, regulatory bodies, Government Organizations and NGOs and works towards bringing about change for a more balanced development. It is involved in various activities covering environmental issues such as protected areas and biodiversity, urban agglomeration, environmental awareness, Human Resources Development, Capacity Building and Research.

National Environmental Engineering Research Institute, Hyderabad

CSIR-NEERI Zonal Laboratory, Hyderabad was established in the year 1960 and was the first zonal laboratory started by CSIR-NEERI. The focus of the Hyderabad Zonal Laboratory (HZL) is to identify, predict and assess the significance of environmental and social effects of any developmental activity on air, water, noise levels, land use and ecology. It also provides input and advice on mitigation options, monitoring measures to prevent, reduce or remedy significant adverse impacts on the environment including coastal/marine environment. NEERI would continue to strive for providing Innovative and effective solutions for environmentally sustainable Development and to help Government Industry and the Society especially the 800 million underprivileged people of India.

Rural Water Supply and Sanitation, Hyderabad

Rural Water Supply and Sanitation Department is the nodal agency in the State for providing drinking water and sanitation facilities in rural areas under RWS sector. The drinking water facilities are being provided by various types of schemes such as bore wells with hand pumps, PWS Schemes, CPWS Schemes etc., Separate RWS&S Department was formed vide G.O.MS.NO.508 GAD(SPL.A) DEPARTMENT Dt. 18-07-2007 . Before formation of new department this department, it was PR&RWS department looking after Rural Roads and Rural Water Supply.

To ensure provision of safe and adequate drinking water supply to all uncovered, partially covered and quality affected habitations in the rural areas of the country. To ensure that all schools and anganwadis have access to safe drinking water.

Jawaharlal Nehru Technological University Hyderabad

Jawaharlal Nehru Technological University, Hyderabad, was established on 2nd October 1972 by the Legislature of the State of Andhra Pradesh as the first Technological University in the country. It has been in the forefront for the past 44 years in providing quality technological education of relevance in the State of Andhra Pradesh. After 36 years of existence it was restructured into 4 different Universities by the Government vide Government Ordinance No.13, dated 18th August 2008 and Act of State Legislature No.30 dated September 2008 and this new University has been designated as **Jawaharlal Nehru Technological University Hyderabad (JNTUH)**.

JNTUH is situated in a sprawling 89-acre campus at Kukatpally, Hyderabad. It has now 4 Constituent Engineering Colleges, one at Hyderabad, one at Kondagattu (Jagithyal), one at Manthani and one at Sultanpur (Medak dist.) and 15 other constituent units on Hyderabad campus. JNTUH offers B.Tech. programmes in 24 disciplines and B.Pharm at UG level; Integrated 5-year dual degree Masters programme;

About the Institutions

M.Tech. Programmes in 68 disciplines, M.Pharm. in 11 disciplines; M.Sc. in 10 disciplines; MCA, MBA and Double Degree Programmes at P.G. level; in addition to the offer of M.S., M.Phil., Ph.D. Research Programmes in various disciplines of Engineering, Technology, Science, Management and Humanities. JNTUH has 423 affiliated colleges spread over the Telangana State. JNTUH has more than 3.50 lakhs students on rolls. The University has Memoranda of University with many national and international organizations.

Dr Marri Chenna Reddy HRD Institute of Telangana

All the State Governments in India were required to set up state level training institutions as per the Recommendations of the Administrative Reforms Commission (ARC). The then Government of Andhra Pradesh established the Institute as Institute of Administration (IOA) in the year 1976 to cater to the training needs of the State Government Officials. Mould young Government Officials into active, knowledgeable and skilled professionals. Serve as a Nodal Institute for identification of training needs, facilitation and coordination of the state's training initiatives. Continuously review, design and deliver training programmes, modules and learning material consistent with the changing environment of governance. Facilitate various departments in decentralised design and development of training programmes to meet their respective objectives of training and development. Coordinate with various stakeholders in evaluating the impact of learning processes to facilitate regular renewal of learning products and services. To strengthen the existing infrastructure facilities, prepare distance learning training modules, and build trainer capacities.

Osmania University, Hyderabad

Osmania University is a public state university located in Hyderabad, India, founded in 1918 with the help of chief Architect of Mahbub Ali Khan - Nawab Sarwar Jung. It was established and named after the seventh and last Nizam of Hyderabad, Nawab Mir Osman Ali Khan. It is the third oldest university in southern India, and the first to be established in the erstwhile princely State of Hyderabad. The university was functioning since 28 August 1919, with an initial enrollment of 225 students. Within the first decade of its establishment, medicine and engineering faculties were started in the year 1927 and 1929, which were accredited throughout the Indian subcontinent. The university college for women was established in 1926, and in 1936, the Arts college was started. It is the first Indian university to have Urdu as a medium of instruction. In 2012, the university was placed sixth among the nation's premier universities in Humanities, Sciences and Commerce stream, which secured the *University with Potential for Excellence* status. The centenary Celebrations of Osmania University was culminated in the year 2017.

Indian Water Works Association, Hyderabad Centre & Bengaluru Centre

The Indian Water Works Association is a voluntary organization of Professionals concerned with WATER..

The Association founded in 1968 (and registered under the Societies Registration Act of 1961) with headquarter in Mumbai and 34 IWWA Centres in the Country.

The Objective of IWWA is to stimulate and promote the development of Science, Technology, Economics, Environment, Ecology and Social Sciences in managing the Water; both fresh and waste water. It provides a common platform for the persons and organizations working in this sector to exchange views, share ideas, disseminate information and knowledge about new and appropriate technologies for improving and upgrading the services.

IWWA is now in its fifty first year and have accumulated good experience in the promotion and transfer of knowledge in Water and Waste Water management Science & Technology and handling the related issues. It serves to promote programmes to accelerate and enhance sustainable growth of Water and Waste Water systems in INDIA.

Registration & Remittance Information

International Conference on "ENVIRONMENTAL DEGRADATION : KEY CHALLENGE TO SUSTAINABLE DEVELOPMENT"

Early bird Registration

	Before 15th October, 2019		After 15th October, 2019	
	Indian delegates	Foreign delegates	Indian delegates	Foreign delegates
IEI, AWWA, JWWA IWWA Members	INR 3000/-	USD 150	INR 3500/-	USD 200
Academic	INR 5000/-	USD 200	INR 7000/-	USD 250
Industry/Govt/ PSUs/General	INR 7500/-	USD 300	INR 10000/-	USD 300
Students	INR 1000/-	USD 100	INR 1500/-	USD 150

GST 18% GST EXTRA

Payment may be made through the Bankers' Cheque or the Bank Draft drawn in favour of "The Institution of Engineers (India), Telangana State Centre" payable at Hyderabad, India duly enclosing the Filled in and signed Registration form.

ADVERTISEMENT TARIFF *

A Technical volume will be brought out on the occasion for distribution to the delegates as well as to various related organizations across the globe. It has been decided to accept a few selected advertisements of reputed organizations in the Technical Volume >

Back Cover (Outside) Multi-colour	Rs. 75,000/-
Front Cover (inside) Multi-Colour	Rs. 50,000/-
Back Cover (inside) Multi-colour	Rs. 40,000/-
Full Page Multi-Colour (Inside)	Rs. 25,000/-
Full page (inside) Black & White	Rs. 15,000/-
Half page (inside) Black & White	Rs. 10,000/-

GST 18% EXTRA

Sponsorship

SPONSORSHIP*

Tariff for Sponsorship is given below: Organizations interested to sponsor various activities may send the details of Sponsorship along with A/C payee / Demand Draft drawn in favour "THE INSTITUTION OF ENGINEERS (INDIA), TELANGANA STATE CENTRE" payable at Hyderabad for appropriate amount.

Categories of Sponsorship	Amount	Privileges
Platinum Sponsor	Rs.15,00,000/-	10 delegates + Inside full page Advertisement free
Gold Sponsor	Rs.10,00,000/-	8 delegates + inside full page Advertisement free
Silver Sponsor	Rs. 5,00,000/-	5 delegates + inside full page
Sponsoring One Lunch	Rs. 1,50,000/-	Sponsorship will be acknowledged by displaying banner indicating the names of Sponsors + one delegate free
Sponsoring one Dinner	Rs.2,00,000/-	Sponsorship will be acknowledged by displaying banner indicating the names of sponsors + two delegates free
Delegate Kit	Rs. 3,00,000/-	Sponsoring will be acknowledged by inserting the names printed inside flap of the delegate kit.
High Tea	Rs. 75,000/-	Sponsorship will be acknowledged by displaying banner indicating the names of Sponsors + one full page advertisement free (B/W)

PAYMENTS

All payments are to be made through A/C payee cheque / RTGS / NEFT

Bank Account Details:

1. Name of the Beneficiary: The Institution of Engineers (India), ICEDSD – 2019
2. Name of the Bank & Branch, Khairatabad, Hyderabad – 500 004
3. Account No. 37301625939 (Current Account)
4. IFSC Code: SBIN0004159
5. GSTIN: 36AATT3439Q2ZU

EXHIBITION: 22- 24 NOVEMBER, 2019

Exhibitors can avail the opportunity to exhibit their products during the Conference. Cost of each stall (size 10 ft x 10ft) is Rs. 75,000/- + GST 18%. The Stalls will be reserved on first come first served basis.

For further details please contact: The Convener, Padmasree Shantaram Jonna, FIE
